recruitments if fulfilling essential qualifications. The Governing Body will lay down the rules and additional criteria to enable committees to make assessments and decide upon the suitability of the candidates for screening and interview for promotions/appointments.

1.4 There will be a common Selection-cum-Assessment Committee for all Group IV Grades. This Committee will consider candidates for appointment by direct recruitment as well as deputation. The Director will be empowered to appoint these committees.

- 1.5 Under this assessment promotion scheme, at any given point of time, the number of posts in each group will be fixed for all the four grades (combined) in that Group. There will be no rigid division of posts among the different grades within a Group. An incumbent, as and if he/she moves up, will carry the post with him/her and when he/she vacates; for whatever reason, the post that falls vacant will be at the entry level grade in the respective Group.

- 1.6 Deputation appointments may be offered in the initial stages only in Grades II (4), II (2), III (3) and III (4). Once candidates from within the WII-Services start becoming available for senior grades, deputation appointments, with a maximum tenure of 3 years will be permissible only as an exception to fill up gaps. Deputation rules of the Central Services will apply to appointments on deputation in fixing salaries and other terms of deputation. A deputation appointee may opt for absorption against the post he is working, subject to age specifications as prescribed. Such absorption will be subject to clearance by Assessment Committee for the concerned grade and approval of the appointing authority.

- 1.7. In case of direct appointment to any grade in any Group, there will be a period of probation of one year.
