

**SENSITIZATION WORKSHOP ON “INTEGRATING GANGA BIODIVERSITY WITH VEDIC PRACTICES”
AT DEV SANSKRITI UNIVERSITY, HARIDWAR ON 25TH NOVEMBER, 2018**

DETAILED REPORT

A sensitization workshop was organized for students and teachers on 25th November, 2018 at the Dev Sanskriti University, Haridwar. A total of 35 participants (29 postgraduate students and 6 teachers) were present for the workshop. The objective was to acquaint the participants about the biodiversity profile of the Ganga River by integrating the religious and vedic practices in conservation and rejuvenation of Ganga River. As part of the event, the role of *Ganga Praharis* in biodiversity conservation was also presented. Saplings of religious plants were planted at the Herbal garden of university campus.
