

**“FOREST FIRE MANAGEMENT TO SAVE THE BIODIVERSITY OF UTTARKASHI FOREST AT
MANDO VILLAGE, UTTARKASHI, UTTARAKHAND ON 22ND MAY, 2019**

DETAILED REPORT

A Sensitization workshop was organised in collaboration with spearhead team forest official of Uttarkashi on “Forest Fire Management to save the biodiversity of Uttarkashi forest on 22nd May, 2019 at Mando Village, Uttarkashi. The program aimed at augmenting capacities of forest staff at various levels in managing biodiversity conservation and calamities at emergent situation. DFO Sandeep Kumar gave a talk on Forest Fire Management in terms of saving the biodiversity. He conferred on how local participation of ‘Van Panchayats’ and local communities is very important when it comes to instant control of forest fires.

WII TEAM

The WII team discussed various aspects of conservation of biodiversity of Ganga River and related issues with the forest department and how their association will further help in mobilizing the idea of conservation among the local villagers. A total of 60 participants attended the workshop.
