F# WII/WFC/193/2014

Dated: July 07, 2014

Subject : Request for Information under Right to Information Act, 2005 by Ms. Lata Chauhan, New Delhi, received vide your note dated July 03, 2014.

Species required to be imported from Zambia are the species confined to the African continent. These are not found in India. These can easily be identified based on their morphological characteristics.

Species "Look Alike" of Indian fauna are not of any species of the genus of which are to be imported from Zambia and entirely different in their morphological features. Annexure 1 indicates "Look Alike" species which may be considered of Indian fauna but have drastic differences in morphological features.

Thanking you,

Yours sincerely,

(Dr.S.P.Goyal)

Nodal Officer, Wildlife Forensic Cell
